

What is Call&Check?

Call&Check enables people to live independently and confidently in their own homes. Regular visits are made by your postie daily or weekly, or as required. When they call and check, your postie asks you five short questions to find out how you are and if you need anything. Your answers are sent for action via the Call&Check Engine on your postie's digital handset to your approved and trusted contacts.

Who can use Call&Check?

Perhaps you, or someone you know, would benefit from a regular visit by one of our posties on their rounds. A typical Call&Check customer might be someone who is elderly, someone who has just left hospital or is going through treatment – anyone who would benefit from seeing a friendly face who is there to check they are OK.

Call&Check is here for you. Our friendly service is for anyone who needs a little help to stay at home for longer and gives that extra peace of mind.

Joe Dickinson, Inventor and Head of Innovation at Call&Check

"I am an independent person but I look forward to my Call&Check visit." **John**

"It makes me feel so much better knowing that I get my postie's friendly call to check on me three times a week." **Amy**

"Knowing my mum gets checked on every day during the week takes some of the pressure off my wife and I, and gives us additional peace of mind."

Holiday cover and support for carers

Around 9,000 Islanders are currently caring for people. If you are helping with or keeping an eye on a relative or friend, Call&Check can support you, whether for a one-off visit or on a regular basis while you are at work, on holiday or just in need of a bit of back-up.

Cost

Understanding the benefits Call&Check brings to the wider Jersey community, the Department of Health and Community Services has agreed to support the funding of the service for those Islanders whom it is recognised will benefit from the service. Call&Check is also available as a privately funded service, at £6.75 per visit.
